## SHIP SUBSIDY LEAGUE OPENS ITS CAMPAIGN

(Continued from page 1)  
We should have some such experience as we are now having when we provided by law that the revenues of over 20,000 miles of railroads, representing more than \$14,000,000,000 securities, should be turned over to a ratemaking commission of seven men sitting in Washington. The work assigned to them was an impossibility.

Mr. Foraker said a strong commitment to the late Senator Hanna and in closing he said: "I continue to believe that the surest and best way to restore our merchant marine is by a return to discriminating duties, and I continue to believe that when we shall have done this, our flag will be flying over all oceans."

## LURED TO DEATH BY A YAQUI RUSE

The Indians in the Guise of Rurales Capture Mexicans Who Are Afterwards Shot.

Nogales, Ariz., Dec. 21.—(Special.)—Some days ago a serious Yaqui uprising took place in Sonora, Mexico, about thirty-five miles from Nogales, which resulted very disastrously for the Mexicans. It seems a large band of Yaquis had in some manner secured the uniforms of rurales and dressing up in them rode over the country searching for Mexicans. Every one they saw they would beckon to them, and the Mexicans thinking them to be their own soldiers willingly responded and were caught. After securing about eighteen of them the Yaquis stood them all up in a line to be shot, but only succeeded in killing twelve of them, the rest managing to get away before the Yaquis killed them, and one walked all the way to Nogales and reported the affair, although he had a wound from one of the shots fired.

Only a few days before this an attempt was made to derail the train running out of Minas Prietas, and after having gone about five miles the engineer got wind of the affair, reversed the engine and ran back to Minas Prietas.

The trouble is more serious than many believe and extra precautions are being made to stop the raids, as all mining, as a consequence is being seriously interfered with.

## PAPERS FOR WALKER.

The Looter of the New Britain Bank to Be Extradited.

New Haven, Conn., Dec. 21.—Governor Woodruff today signed extradition papers for William F. Walker, the defaulting treasurer of the Savings Bank of New Britain, Conn., who was arrested some days ago in Mexico. The papers were turned over to Chief Bean of the state police who left for Ensenada, Lower California, to bring the bank's looter east.

## A PHILADELPHIA STRIKE

Philadelphia, Dec. 21.—The local union of the Amalgamated Association of Street Railway employees today decided that a strike of motormen and conductors of the Philadelphia Rapid Transit company would be called within forty-eight hours unless the company grants the demands of the men. The union claims a membership of 3,500 among the 6,000 employees of the company.

Some folks have such a dread of society that their religion is no more than a system of restrained doubts.

## THE DARR MINE RESCUE DIFFICULTIES IN THE WAY

Only Thirteen Bodies of the 200 So Far Have Been Recovered.

Jacobs Creek, P., Dec. 21.—But thirteen bodies had been recovered from the Darr mine when darkness came tonight. All hope of reaching the others before tomorrow is abandoned. The rescue work progressed steadily all day but was slow on account of the heavy accumulation of gas which necessitated more precaution in the work of exploration.

The mine has been penetrated about 10,000 feet but the slope is an old one and the workings are located nearly three miles from the surface. In the endeavor to reach the victims several members of the rescuing party were seriously overcome late today by black damp.

## THE STATE'S CASE IS ALL BUT IN

The Prosecution Believes It Is Stronger Against Pettibone Than They Made Against Haywood.

Boise, Dec. 21.—With the exception of two Colorado witnesses which Mr. Borah announced would not consume more than an hour, the state concluded its presentation of evidence in the trial of Pettibone for the murder of former Governor Steunenberg today. Mrs. Ida Toney, Orchard's Colorado wife, was on the stand all the morning and part of the afternoon, under cross examination. Her son, Mark Toney, was the only other witness of the day. His testimony was practically the same as that given by his mother. Hawley and Borah tonight stated that they are well satisfied with the case and regarded it much stronger than that presented against Haywood. The same testimony as in the former trial was given and in addition Mrs. Toney and her son and Charles Neyville, whose evidence the state regards as damaging witnesses for the prosecution.

## THE ATLANTIC FLEET TO CIRCLE THE EARTH

That Is Admiral Evans' Belief Conveyed by Wireless Telegraph.

On Board the Connecticut, Dec. 21.—(Via government wireless station at Key West to the Associated Press, New York)—Rear Admiral Evans today authorized the statement for publication that he personally believes the navy department's intention is that the fleet shall return via the Suez canal route late next summer or fall.

THE PACIFIC SQUADRON.  
Washington, Dec. 21.—The reorganization of the Pacific fleet, to become

effective after Jan. 1st next, was announced at the navy department today. It is largely an administrative step and incident to the arrival of the vessels on the Pacific coast from the Asiatic station and of Admiral Stribner's special service squadron consisting of the cruisers Tennessee, Washington and California, in those waters. As now planned the fleet will continue in command of Rear Admiral Dayton.

## Nervous, Weak, Run-Down Women

Thousands of Women, Who Suffered For Years, Have Been Restored to Complete Health by Stuart's Calcium Wafers.

Trial Package Free.

Are you nervous, weak, tired, run-down, dispirited, easily exhausted—in other words, do you feel like a dishrag at times? Do you ever have to stop right in the middle of your work to take a rest?

Nearly every woman has these miserable experiences, and many such sufferers seek relief in secret remedies, containing harmful drugs and cheap alcohol. If you are doing this, stop it now, before you ruin your health completely. Your condition is bad enough without making it worse.

You need a tonic that will brace up the nervous system, cleanse the bowels, liver and kidneys, and enrich the blood. The best, purest, safest preparation to do this is Stuart's Calcium Wafers.

Stuart's Calcium Wafers are not a secret remedy. They do not contain harmful drugs, nor do they lose their medicinal power as most liquid medicines do, because these wafers are in tablet or lozenge form, which cannot deteriorate or evaporate.

Stuart's Calcium Wafers contain sulphide of calcium, the strongest blood purifier known; also golden seal, quassia, eucalyptus, belladonna, and the vegetable alteratives and laxatives. These ingredients will restore the normal action of the bowels, liver and kidneys; invigorate the nerves and brain; make pure, rich, healthy blood; drive away that tired, worn-out feeling and make you feel ten years younger.

You can obtain Stuart's Calcium Wafers in any drug store at only fifty cents a box, but if you have any doubts as to the merits of these wonderful calcium wafers, why send us your name and address and we will send you a free sample package, so you can give them a fair trial and convince yourself. Write today. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

## A HOT OLD TIME AT GUTHRIE, OKLA.

A Running Mate Found For Colonel Bryan in the Person of Wm. H. Murray.

Guthrie, Okla., Dec. 21.—For almost an hour tonight in the presence of over 500 dollar-dinner banqueters W. J. Bryan attacked President Roosevelt. The first part of his remarks were devoted to charging the executive with dodging vital issues and his failure to prosecute the trusts. He charged Roosevelt with permitting the trusts to grow up while he was in the act of exposing them to the public.

During the evening Lieutenant Governor Bellamy mentioned William H. Murray, president of the constitutional convention and speaker of the house of representatives, for the democratic nomination for vice president with the ticket, "Bryan and Murray." The mention of Murray's name caused a violent outburst of applause.

## FIXING FOR A STRIKE

That is the Interpretation of the S. P.'s. Movements at Sacramento

Sacramento, Dec. 21.—Matters in the city indicate that the Southern Pacific company will not sign up an agreement with its blacksmiths, machinists, and other departments of the railroad shops, and that it is preparing for a prospective strike. Of

late no person is allowed in the shops or enclosure and no passes are issued. All points of entry are guarded.

Just north of the shops a stockade eight feet high topped with barbed wire is being built, and in the enclosure a bunk house is finished with

the exception of the roof and dining room. A cook house and out buildings are going up. Over 100 men are employed on the job, and it is believed by the shopmen that if a strike is declared no union men will be maintained inside the stockade.
